Date & Time	Details	Location
Monday 14:15–15:15	EPEC General Assembly All Early Careers are encouraged to participate in the EPEC assembly organized during EPSC! At this assembly there will be an introduction of our team and activities and you can also ask your questions live. Come and join us!	Andalucia 3 (Level 1)
Monday 17:30–18:30	Diversity and Inclusiveness in Planetary Sciences This session aims to foster debate within the planetary sciences community about the reasons behind the under-representation of different groups and best practices to make the research environment more inclusive.	Poster area (Level 2)
Tuesday 13:45–15:15	Science Communication João Retrê (IAU, Portugal) will talk about communicating science to a non-specialist public. The best practices to engage an audience will be discussed and small hands-on exercises will help improve your overall communication!	Andalucia 3 (Level 1)
Wednesday 14:15–15:15	Early Career Science Flash Science Flash is a three-minute presentation of research in planetary science by early-career scientists using three non-text images plus any supporting material. Register as speaker by sending an email with your name, institution and the three-image pdf to prasanna.deshapriya@inaf.it (Deadline: September 21, midday)	Andalucia 3 (Level 1)
Wednesday 13:45–15:15	Diversity Round Table Please join us for this networking event to discuss diversity and inclusiveness in the planetary science community. The meeting is organized by the Europlanet Diversity Committee. Everyone interested in this topic is welcome to attend.	Andalucia 2 (Level 1)
Wednesday 20:00–22:00	Early Career Social Event Ready to have some chill time and mingle? Come and join us on the 21st September for the Early Career social event, organized by EPEC. This is a fantastic chance to get to know (or catch up) with your fellow early career researchers!	Mamá Samba (C. San Matias, 21, 18009, Granada)
Friday 13:45–15:15	Academic Mental Health: Towards Improving Research Culture During the academic career, and especially during PhD, balancing work and leisure time can be challenging. Nevertheless, maintaining your mental health is crucial! Dr. Zoë Ayres will talk about this important matter providing a variety of tips to help you to go through your career.	Andalucia 3 (Level 1)
Ongoing (Mon-Fri)	Planetary Science Wiki edit-a-thon The Diversity Committee of the Europlanet Society, in collaboration with WikiMujeres, Women in Red, WikiDonne, Wikimedia Belgium, and 500 Women Scientists will provide a basic training to start editing/writing Wikipedia articles.	Wiki Edit-a-thon booth (Level 1)
